FOREWARD

Africa, teeming with excitement, adventure, and danger, is the El Portal theme this year.

The drums of Africa beat in an endless rhythmical procession and danger lurks around every bend. Follow us on a safari. Every page is an adventure, and we hope each memory evoked will be as exciting as the mysterious dark continent.

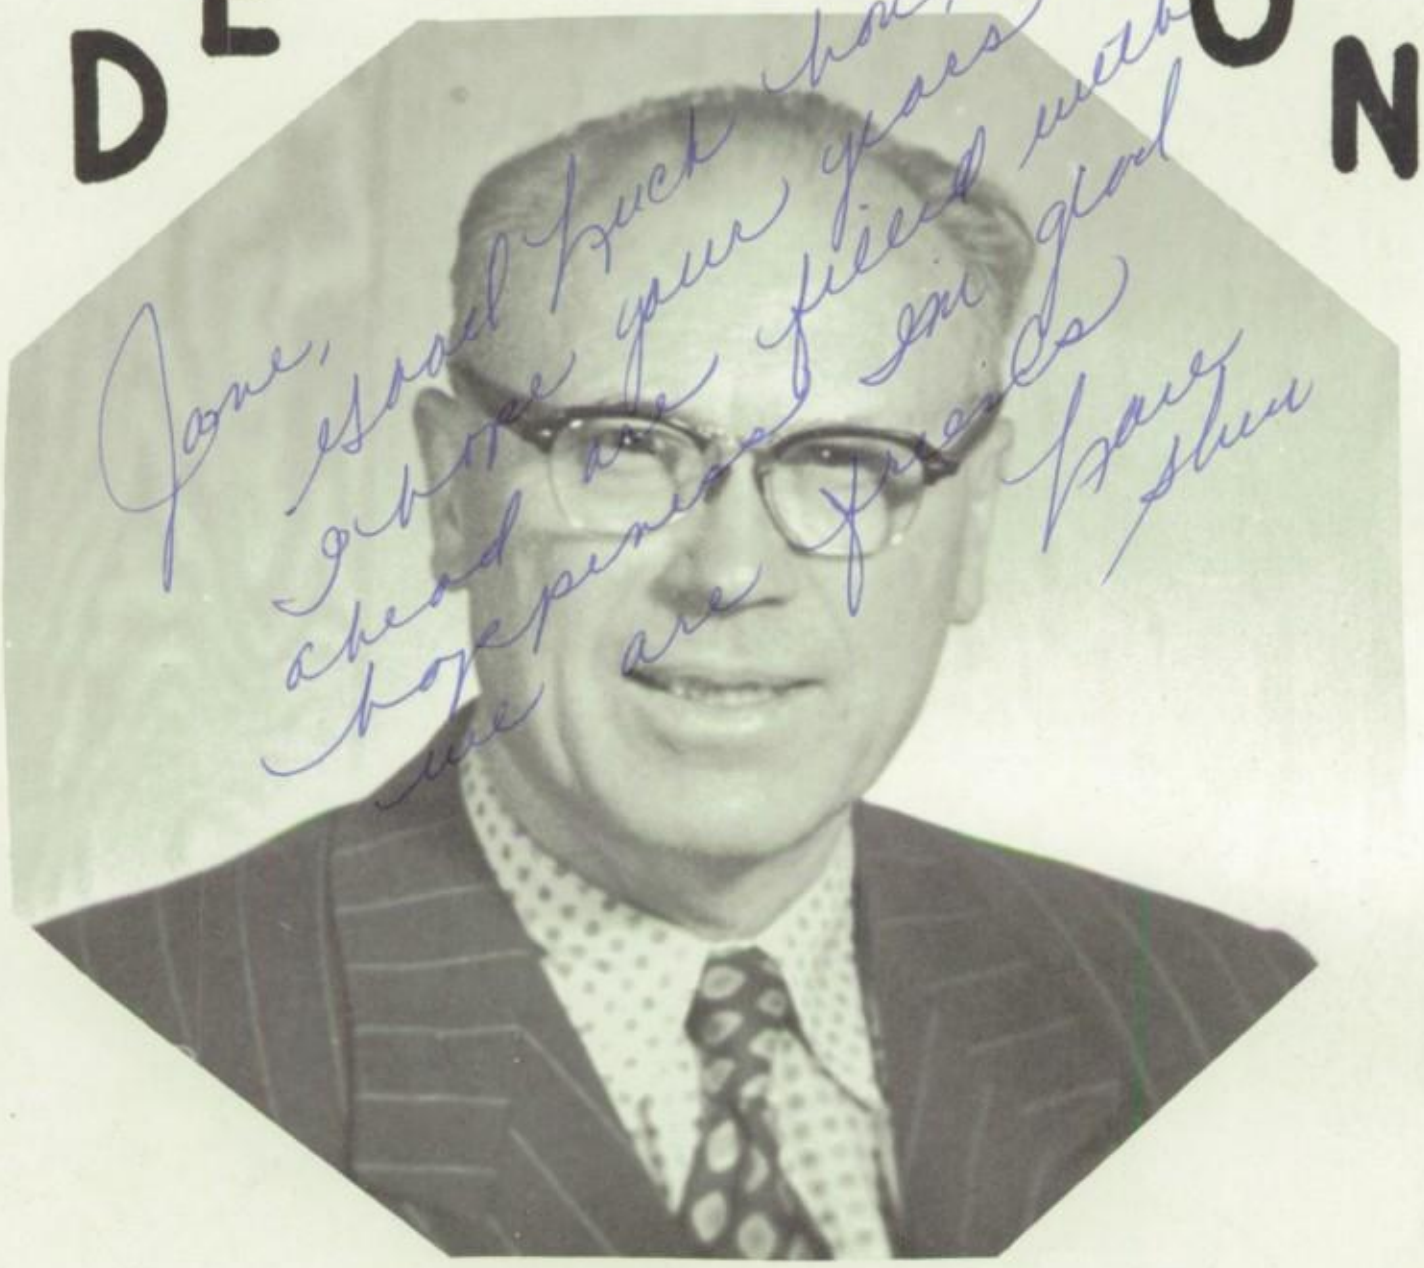
DEDICATION



Jane, best luck to you, always your years ahead are filled with happiness and joy and friends love Stan

This year's El Portal staff is proud to dedicate the 1964 yearbook to Mr. Charles S. Chapman, who has served the Tracy school district for 21 years and is now planning retirement.

Mr. Chapman was born in Marysville, Ohio on July 1, 1898. He attended North High School where he graduated in 1917. Then he attended University of California at Berkley and Los Angeles. Prior to teaching, he owned and operated an auto repair shop in San Jose. Before coming to Tracy High in 1943, he taught industrial arts at Mono County High School.

Some of Mr. Chapman's hobbies and interests are rifles, pistols, and radio work. During his stay in San Jose as a mechanic, he was active in the San Jose Pistol Club and was the secretary of the Santa Clara Rifle Club.

We students would like to thank Mr. Chapman for the knowledge he has given us these past years and wish him the best of luck in the coming years.

MR. JAMES R. FRENCH

SUPERINTENDENT'S MESSAGE

The interesting selection of Africa as the theme for the 1964 El Portal excites many thoughts about one of the world's few remaining frontiers.

The glamour of a safari, the thrill of a diamond discovery, the cold chill of suddenly being confronted with a dangerous animal or reptile deep in a hot and teeming jungle, or of being lost on the drifting sands of no man's land at the equator are among the thoughts that flash quickly through our minds as we think of Africa.

In recent years and months we have witnessed a sudden surge and forward motion in both the economic and political development in the countries of the African continent, and all signs point toward a continuing build up of these efforts.

The struggle and growth of new countries now capturing our attention in Africa also symbolizes the whole process of education in the sense that each student reaching for independence and maturity finds the experience filled with a mixture of thrills, adventure, monotony, danger, and accomplishment.

As we think of the vast untapped and undeveloped resources of Africa, so may we also ponder the vast and untapped resources of the human mind.

PRINCIPAL'S MESSAGE FOR 1964 EL PORTAL

Again, the El Portal staff members, with the guidance of their advisor, have produced for our enjoyment a pictorial record of the school year. We congratulate them on their fine work.

The theme "Africa" usually brings to mind thoughts of mystery and adventure, desert and dense jungle, witch doctors and diamond mines. But more serious consideration causes us to view this part of our world as a place of new development and opportunity, a place where people are making a new life for themselves.

Similarly, a new life is soon to unfold for you who are graduating seniors. Increasing individual freedom and increasing responsibilities are but several of the many challenges that you will face. We urge each of you to meet these challenges with hard work and perseverance and always with concern for truth, right and the dignity of man.

Exchange Student

Chana (Charles) Bruminhentara, our first male student, comes from Lampang, Thailand. Charles was sent to the United States through the American Field Service and is sponsored by the Tracy Rotary Club.

In Thailand, Charles attended Assumption Commercial College (A.C.C.). After graduation Charles hoped to become a merchant.

Charles Bruminhentara

"I am very glad to have a chance to be an exchange student at Tracy High School. Everything in this school is quite different from the schools I have attended in my country. However; after I have spent a short time here and have received such a warm welcome, everything seems to be more familiar to me. I have noticed all the activities in the school and am very interested to see that "students govern students", which is the thing that impresses me most of all about Tracy High School.

For the one year that I have been a student here, I have had a happy and wonderful life and I know I shall never forget that once I was a student at Tracy High School."

Safari

The metallic blue '57 Chevy with white upholstery and chrome rims is always seen around campus this year. The owner is Butch Patello.

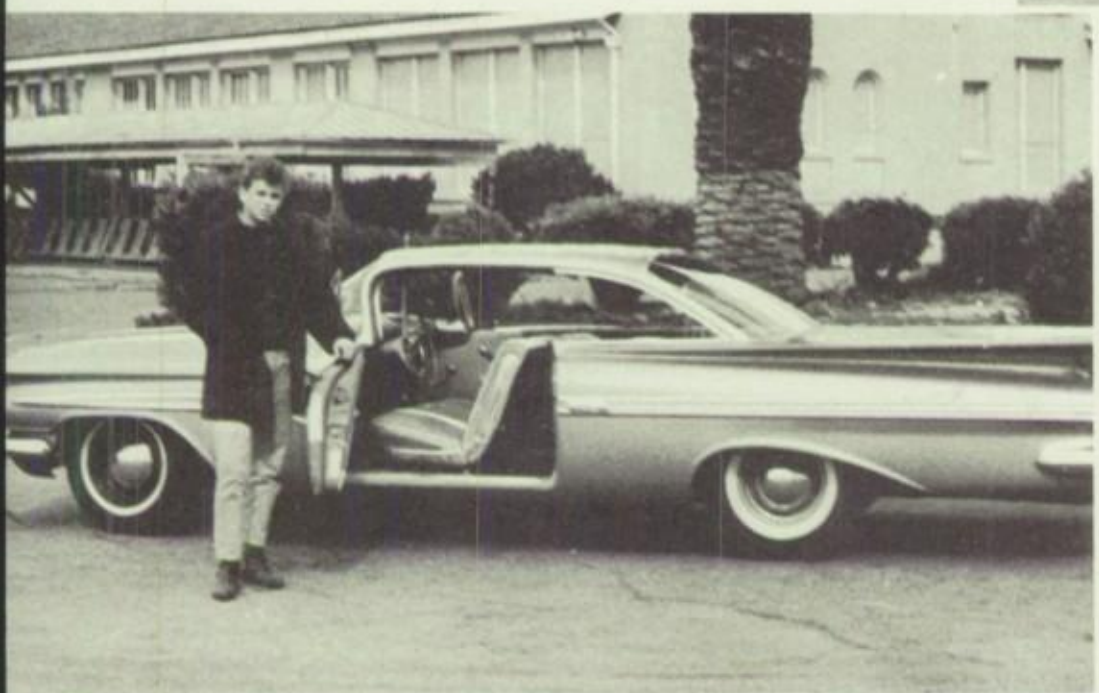
The most attracting features on Pat Frame's '58 Chevy was his brand new Sea Foam Green paint job, chrome rims, and white rolled interior. This was the main attraction during the first of this year.

Dennis Nilsson's '53 Chevy with gold and white rolls and a '57 Corvette engine isn't easy to miss around town.

Greg Alvarez's bright red '55 Chevy can usually be found around after school packed with boys.

Wagons

Chris Ligonis's '57 red Chevy can always be found up town at all hours.



Danny Mello's light blue '59 Chevy with rims has blue and white rolls and is a new addition to the cars around school.

Joe Brown's blue '53 Chevy with chrome has recently been painted. It looks real good in the school parking lot.

Steve Auch's '56 Olds with metallic blue body and rims was sold, and another Chevy was added to the collection at Tracy High.

Down Green!

As the African drums fade in the
distance the El Portal staff bids you goodbye.
We will commence a new Safari into the future with
this book to recall the fine memories that were ours in '64.
